Cremated remains caskets, tablets, plaques and memorabilia price list

This price list should be used in conjunction with our brochures.

An application will usually be required to erect a memorial, which includes a cremated remains tablet or cast bronze plaque. A specific application including design drawings, material specifications and inscription must be made to the Incumbent, whose permission should not be taken for granted and for which a charge will be levied. Our memorial prices do not include such Cemetery or Churchyard fees. Welham Jones will handle all such applications and prepare the necessary drawings for your prior approval however, no orders can be firmly accepted until such permissions have been received. Inscriptions, which cannot be rude, blasphemous or libellous, are charged at the following prices where cut in stone. Prices quoted for cast bronze plaques are inclusive of the stated number of letters:

Incised & enamelled£2.00 per character

Incised & gilded£2.25 per character

Hand cut incised & leaded£3.50 per character

Hand cut & gilded£4.10 per character

Prices for all other caskets, urns and memorabilia are fully inclusive and include delivery to us.

Orders are subject to an initial deposit of 50% of the total cost, the balance falling due on completion. We reserve the right to charge interest on balances outstanding 14 days after final invoice at a rate of 3% per month (APR42.57%).

All stone memorials are covered by a 10 year guarantee against faulty materials and workmanship. We guarantee our cast bronze plaques for five years and all other items for two years.
